Thank you, David. It is very much appreciated.

We have reached out to our potential investor to see if this is something they are interested in setting up. I will let you know as soon as we hear back, one way or the other.

Happy Monday and Best Regards,
-Rebecca

Hi Rebecca, I received your voice mail message asking about a possible discussion with project investors. If you want to arrange a call, I can participate. I could talk about the process and what we've found thus far in reviewing the application. I obviously can't project what the outcome of our review will be nor give specifics on timing of a final decision at this time. I'm happy to discuss this further with you if that would be helpful. Thanks, David
